

For September 2017 we require an inspirational Head of Mathematics. This is a fantastic opportunity for an ambitious, tenacious and well qualified teacher to lead and develop the Mathematics department in our high achieving Academy.

NUAST is a specialist STEM education Academy teaching students aged 14-19 years old. Our aim is to ensure that young people who are passionate about Science, Computing, Engineering and Mathematics have opportunities to realise their maximum potential with us. We opened in September 2014 in purpose built accommodation.

The Mathematics department occupies extremely well equipped classrooms with extensive IT facilities. Students are able to access facilities of the University of Nottingham and receive mentoring support on a subject level from undergraduate students.

As Head of Mathematics, you should be an outstanding classroom practitioner who consistently demonstrates the highest standards of delivery, is fully committed to raising attainment across all key stages and always achieves the highest standards within mathematics. You will demonstrate the necessary leadership skills to inspire a team of committed staff to achieve excellence for students at GCSE, A Level and in A Level Further Mathematics. We wish to develop a rounded STEM experience for our students and opportunities will exist to link with other departments within the school.

You will have a relevant degree and be a qualified teacher with experience teaching the age range of students. This is a demanding job, you will need to be driven, energetic and above all else uncompromising in delivering and sustaining a culture of excellence.

If you feel that you have the abilities and would like to join our team which is really making a difference to students and the STEM professions, we would welcome your application.

Please complete and return the application form along with a CV and covering letter, clearly demonstrating your suitability for this role via one of the following methods:

Email to jobs@nuast.org

By post, for the attention of the Principal to the address below:

Nottingham University Academy of Science and Technology

93 Abbey Street

Nottingham

NG7 2PL

Tel: 0115 859 2040

Wherever possible, please provide email addresses for your referees.

Visits to the academy are welcome and can be arranged by either telephoning the academy on 0115 8592040 or emailing the Principal b.white@nuast.org

Closing Date: Monday 27th March at 9.00am

Interview Date: Thursday 30th March (time tbc)
